KOHLER.
Global Projects

THE BOLD LOOK OF KOHLER.
Life without labor is guilt. Labor without art is brutality. - John Ruskin
What John Michael Kohler saw in 1883 when he looked at a cast-iron horse trough was the bathtub that launched a global plumbing company. That pioneering spirit of ingenuity – the kind that sees a bathing revolution in a horse trough – has defined Kohler Co. from its earliest days. A visionary, John Michael Kohler understood the importance of innovative design and an uncompromising commitment to craft and quality. After four generations, we remain a family-owned company with diverse international businesses and over 26,000 products and more than 13,000 patents to our name. Still leading the industry in innovation and quality. Bolder than ever.
We invite you to take a look at some of the innovative spaces around the world where you’ll find KOHLER plumbing products. Balancing style and comfort with leading-edge designs, our products help today’s most forward-thinking designers and architects realize their visions.

Why KOHLER?

Balancing style and comfort with tough, hardworking designs, KOHLER Global Projects help today’s designers and architects create some of the world’s most innovative environments. With smart, water-saving designs and advanced technologies, our products help bring beautiful, efficient structures to life.

Global Project Support

KOHLER products are found in luxury resorts and hotels the world over. Internationally located, our Corporate Accounts team is eager to share its expertise to help build inspired spaces anywhere in the world. We offer solutions for every aesthetic, budget, and experience from competitive lodging environments to spa indulgence and high-rise chic.

The Kohler Family of Businesses

As a leader in the kitchen and bath, tile and furniture, and generator industries, Kohler Co. can simplify the specifying process for your projects. With subsidiary brands located around the world, Kohler is a ready resource as you design polished, elegant interiors.

Design Innovations and Awards

With more than 13,000 patents to our name, we have a history of taking innovation seriously. Discovering and integrating fresh ideas and technologies into our designs is an essential part of the process that brings you smarter, longer-lasting products.

Commitment to Conservation

Conservation and sustainability lie at the heart of the Kohler mission. The EPA’s WaterSense® program presented Kohler with the 2006, 2009 and 2012 Partner of the Year Awards and 2010 and 2011 Excellence Awards for strategic collaboration in recognition of our commitment to conservation. Kohler was once again recognized by the Environmental Protection Agency’s WaterSense program with the first-ever 2013 WaterSense Sustained Excellence award for the company’s long-standing efforts to increase consumer awareness of water issues and provide products that help save water in homes and businesses.
Global Project Support
It is said that it’s what’s on the inside that counts. We believe that’s true. That’s why Kohler has created exceptionally designed products for every interior space. From public settings to guest rooms, Kohler will help transform your property from a place to visit to a place to indulge.

We’ve worked with renowned architects and designers on hospitality projects from Banff to Beijing. You’ll find several properties, both national and international, highlighted on the pages that follow.
KOHLER products grace the interiors of buildings throughout the world, from the incredible Burj Khalifa in Dubai to The Savoy in London.

Kohler has partnered with many luxurious resorts and hotels throughout the globe. Here is a sampling of locations:

The Westin Peachtree Plaza – Atlanta, Georgia

Overlooking downtown Atlanta and crowned by the revolving Sun Dial restaurant, the 73-story Westin Peachtree Plaza hotel is an Atlanta skyline icon. Each of the 1,073 newly renovated guest rooms is customized with KOHLER faucets and fixtures. Designed exclusively for Westin, the innovative Heavenly Shower features the drenching luxury of a rainhead along with a handshower for extra rinsing power. Add to that a deep soaking bath and the classic elegance of the Memoirs faucet and accessory collection, and the result is a spa-like retreat inviting guests to relax and revitalize.

Commitment to Conservation

One of the world’s most precious natural resources, water is essential to life and must be conserved. That’s why Kohler, a global leader in kitchen and bath design and technology, is a strong supporter and advocate of driving awareness of water issues, addressing environmental challenges and developing environmentally favorable initiatives.

When you choose KOHLER® products with the WaterSense® label, you’ve joined our mission: to consume only what’s necessary without sacrificing comfort, design or performance. It’s a decision that offers water savings – and cost savings – for your property, and it’s a decision that means you’ve helped conserve this precious and limited resource.

Our global team of engineers works tirelessly to develop technologies that improve water-use efficiency. And with each new innovation, we prove that good design doesn’t have to be a decision between saving water and performance. With Kohler, you get both.
“So called ‘free goods’ such as sunshine and fresh air may be of more real worth than most economic goods.”

– Walter J. Kohler, 1934

Simple Steps to Saving

Just by using water-efficient plumbing products, businesses may see a significant savings in water use and operating costs. Choosing WaterSense®-labeled KOHLER® products can help buildings earn points toward LEED certification as well.

Use Faucets with Water-Saving Aerator

Select Water-Conserving Showerheads

Install High-WaterSense Toilets

Choose Waterless Urinals
Take comfort. Take control.

Numi, Kohler’s most advanced toilet, combines unmatched design, technology and engineering to bring you the finest in personal comfort and cleansing. From its striking form and features to its unrivaled water efficiency, the Numi toilet marks a new standard of excellence in the bathroom.

Bellwether® Shower Base

Combining the clean lines of the Bellwether bath with an easy-to-clean shower base design.

The Bellwether shower base is easy to install and is an ideal replacement for a 60" x 30" bath. Crafted of durable KOHLER® enameled cast iron, it is easy to clean, requires minimal maintenance and resists chipping and flexing. A four-inch threshold provides easy access to the shower.
