WELCOME TO KOHLER – WHERE BOLD THINKING AND RIGOROUS CRAFTSMANSHIP COMBINE TO BRING INNOVATIVE, BEAUTIFUL DESIGN TO LIFE.

WE’RE CELEBRATING 140 YEARS OF SETTING THE STANDARD OF EXCELLENCE AND PUSHING THE LIMITS OF DESIGN. WHETHER WE’RE CREATING KITCHEN AND BATH PRODUCTS, TILE AND FURNITURE COLLECTIONS, ENGINES AND GENERATORS, OR FOUR-STAR RESORTS AND CHAMPIONSHIP GOLF COURSES, OUR WORK IS BORN FROM A DESIRE TO DESIGN EXPERIENCES THAT MAKE THE WORLD MORE GRACIOUS.

AFTER FOUR GENERATIONS, WE REMAIN A FAMILY-OWNED COMPANY. BOLDER THAN EVER.

KOHLER® Whirlpools and Baths

KOHLER whirlpools and baths are a seamless blend of art and technology. Select from a multitude of installation and comfort options to find the choice that is perfect for your bath space. Durable materials such as KOHLER Cast Iron and high-gloss acrylic, form the foundation for ergonomic basin shapes in an array of styles. Choose from hydro-massage features to chromatherapy enhancements, and transform your bath into a luxurious, customized retreat. Relax, rejuvenate and renew with KOHLER whirlpools and baths.

Sok™ with chromatherapy and effervescence with right drain in biscuit K-1188-C1-96
When selecting a bath or whirlpool, consider your options:

KOHLER baths and whirlpools are constructed of premium quality materials. KOHLER Cast Iron is the premium material for baths and whirlpools. The strength of the time-honored material allows KOHLER to create unique, beautiful designs in rich, high-gloss colors. Every KOHLER Cast Iron whirlpool or bath has a Safeguard™ chip-resistant surface to ensure safety.

Acrylic baths and whirlpools offer outstanding performance. Surface hardness provides strong resistance to wear and tear, withstands hot water and retains high surface gloss.

KOHLER whirlpools offer you true relaxation. Flexjet™ Whirlpool Jets: Factory-installed plastic Flexjets are standard on all KOHLER whirlpools. Each Flexjet offers an air-to-water mixture and velocity that can be independently adjusted by rotating the outer ring of the trim. Made from durable materials, the Flexjet is simply the most user-friendly jet available.

Effervescence Special ports generate champagne-like bubbles that cling to and caress the skin for a soothing, relaxing experience.

Noise-Dampening Harness: Made of high-strength PVC, KOHLER recirculating harnesses are fully self-draining to eliminate water residue in the system. Designed with no sharp curves or bends, they reduce noise from water turbulence and increase pump efficiency.

Motor ¾-1 hp, one-speed pump/motor provides a strong, steady level of relaxing hydro-massage.

Noise Reduction: An exclusive noise-dampening harness prevents vibration from travelling through the system. A concealed air intake eliminates audible aspiration sounds.

Consider the installation options and dimensions.
Installation: KOHLER offers several bath installation options: free-standing, drop-in, alcove and undermount.

Dimensions: Choose appropriate baths to match bathroom configuration needs. In case of replacement, dimensions of the new bath should fit into the location of the old one.

DTV Prompt™ is a digital thermostatic valve designed to enhance your showering or bathing experience with greater control, convenience and functionality.
Be Smart. Be Prompt.

DTV Prompt™ is a digital thermostatic valve designed to enhance your showering or bathing experience with greater control, convenience and functionality.

One-Touch Operation
On / Pause / Off

Large Digital Display
The large and intuitive LCD display makes it incredibly easy to use.

Simple Diverter Control
Toggle between one or two water outlets with the push of a button.

Precise Temperature Control
Digital thermostatic valve technology guarantees accurate and safe temperature control.

Warm Up Your Shower Without Wasting Water
Once the selected temperature is reached, the water pauses until you’re ready to step into it.

Pause Your Shower
Wash your hair or shave without the water running.

Safe Temperature Control
Limit the maximum temperature your water can ever reach—perfect for families with small children.

Set the Timer to Count Your Shower Down
DTV Prompt is perfect for setting shower limits in busy households or for water conservation concerns.

Run Multiple Configurations
Handshower, bodysprays, bath fillers, Rainheads and more can be run separately or at the same time.

Easy to Install
The valve’s main supply cable is prewired, and the valve can be installed up to 20 feet* from the interface—giving you complete installation flexibility.

Complements Your Décor
The sleek, modern design its many design tastes.

*DTV Prompt comes with a 20-foot cable. For longer distances, simply replace/extend with a standard RJ-11 phone extension cord.

Airfoil

The design inspiration of Airfoil is "chan" - a Chinese philosophy expressing a very peaceful, meditative feeling coming from a communion with nature. Design connoisseurs will love the smooth as well as the contemporary pin point motif where the water rains down as smooth as silk like summer rain in the mountains.
WaterTile™ Tower with 280mm square Rain showerhead, three bodysprays and single-function handshower with hose in Polished Chrome.

K-3872IN-CP

Airfoil Thermostatic Panel with cascade flow, Katalyst™ rain head, 3 body sprays and single-function handshower with hose in Polished Chrome.

Shower Columns™

The Odeon™ shower column features a 139mm showerhead and a 4-way handshower. Incredibly versatile, the handshower can be used for both showering and bathing applications.

The Rain showerhead pairs nicely with numerous KOHLER® bath and shower faucets. The 203mm oversized showerhead delivers a virtual deluge of water that pampers as it cleanses.

The Rain shower column comes with either a curved or angled shower arm.
